BIO-LOGIC TIPS FOR DAILY PRACTICE BONE REGENERATION MATERIALS AND PROCEDURES IN THE ESTHETIC AREA

PROF. LUIGI CANULLO

DR. ARNDT HAPPE

In collaboration with **OsteoBiol**[®]
by TecnoSS

Introduction

THE SEMINAR

The seminar is aimed to share the clinical experience of the speakers on horizontal and vertical bone regeneration in the aesthetic area.

The two-day course will be focused on every aspect of the daily practice bone regeneration: planning, flap incision, implant insertion, bone bed preparation, membrane fixation, graft material insertion, flap suturing. However, before this step, the biological basis of the regeneration will be discussed to really understand the different clinical scenarios and their specific therapeutic approaches.

Special attention will be given to detailed prosthetic workflows especially designed for bone regeneration procedures to increase the aesthetic outcomes.

Videos and pictures will be adopted to clarify every step of the procedures.

Additionally, theoretic informations will be followed by hands-on sessions based on models representing cases explained by the authors during the course, to allow a complete practical comprehension of the procedures explained.

Lecturer

CURRICULUM VITAE PROF. LUIGI CANULLO

Graduated cum laude in Dentistry and Dental Prosthesis at the University of Rome "La Sapienza" in 1994. PhD at the University of Bonn, Germany. National and international speaker on surgical and prosthetic aspects of implant dentistry. He is author of more than 100 articles published on international journals on topics related to implantology. Active member of the Italian Academy for Osseointegration (IAO) and European Academy of Osseointegration (EAO). Visiting Professor at the University of Berna (Switzerland), reviewer for the most important journals in implant dentistry, he awarded the price for the best clinical presentation at the European Association for Osseointegration (EAO in 2008), the price Martignoni at the Italian Academy for Prosthetic Dentistry (AIOP, in 2012), the price for the best scientific article at the American Academy of Osseointegration (AO 2013, AO 2019), the prices for clinical and basic research at Italian Society for Osseointegration (SIO, 2016), the price for the best clinical research at Spanish society for surgery and implants (SECIB, 2017).

His professional office is in Rome, limiting his private practice at surgery and implant supported prosthetic rehabilitation.

Professor at the University of Genova in the Department of Integrated Surgical and Diagnostic Sciences.

CURRICULUM VITAE DR. ARNDT HAPPE

Oral Surgeon, Specialization in Implantology and Periodontology
1989-1994 Degree in Dental Medicine at the WWU in Münster, Germany
1995-1998 Postgraduate study in Oral Surgery, dental resident at the Private Clinic for Implantology and Esthetic Dentistry "Schloss Schellenstein", Prof. Dr. Fouad Khoury, Olsberg.

1999 Established private practice in Münster. Graduation in Oral Surgery from the Dental Council of Westfalen-Lippe.

2000 Obtained specialist degree in Implantology from the German Association for Implantology.

2001 German editor for the International Journal for Periodontics and Restorative Dentistry, Quintessence Publishing, Berlin.

2003 Employed by the Dental Council of Westfalen-Lippe as postgraduate lecturer in Oral Surgery for dental residents.

2004 Obtained specialist degree in Periodontology from the German Association for Periodontology.

2010 since 2010, Research Fellow of the Department of Oral and Maxillofacial Plastic Surgery University of Cologne, Germany

2013 Postdoctoral Lecture Qualification (Habilitation/PhD) from the University of Cologne, Assistant Professor University of Cologne.

2014 Active Member of the European Academy of Esthetic Dentistry.

2018 Textbook "Success with Implants in the esthetic zone" together with Dr. Körner and several Coauthors, such as Christian Coachman, Tal Morr and Tomohiro Ishikawa. Quintessence. He is lecturing worldwide on implantology in the esthetic zone, bone augmentation and soft tissue management. As German Ambassador he is a board member of the European Association for Osseointegration.

Program and timetable

June 21st 2024

- 13:45 – 14:00 Welcome and Speakers introduction
- 14:00 – 14:15 **Prof. Canullo**
Background and objectives of the course
- 14:15 – 16:00 **Dr. Arndt Happe**
A modern and predictable way for augmentation of horizontal defects with a cortical lamina - biological background and different techniques
- 16:00 – 16:30 **Coffee break**
- 16:30 – 17:15 **Prof. Canullo**
The biological advantages of Dual-Phase collagenated biomaterials
- 17:15 – 18:30 **Prof. Canullo**
Regeneration of the post-extraction sites: procedures for Guided Bone Regeneration

June 22nd, 2024

- 09:00 – 09:45 **Dr. Arndt Happe**
Hands-on for horizontal bone augmentation using a cortical bone plate on plastic model
- 09:45 – 11:00 **Prof. Canullo**
Different soft tissue flaps design to increase aesthetic outcomes
Prosthodontic tips for bone regeneration cases
- 11:00 – 11:30 **Coffee break**
- 11:30 – 13:00 **Hands-on workshop**
with models replicating the cases shown during the course
- 13:00 – 13:30 **Final discussion**
- Event language The official event language will be exclusively English.

Information and contacts

Date

Friday 21st June 2024, 13:45 - 18:30

Saturday 22nd June 2024, 09:00 - 13:30

Venue

Sala Feltre

Via degli Orti di Trastevere 6 | 00153 Rome | ITALY

Registration

Registration fee includes all lectures and Friday social dinner

Registrations fee € 1.000 (plus VAT when applicable)

Cancellations

50% reimbursement before 31st May 2024

No reimbursement after 31st May 2024

Should the minimum number of participants not be reached, the course might be cancelled within 24th May 2024

Registration fee paid prior to this date will be reimbursed, if requested no later than 31st May 2024

No flight tickets or hotel bookings will be reimbursed
