COURSE ON
SINUS AUGMENTATION

PROF. TIZIANO
TESTORI

PROF. MARCO
ESPOSITO

DR. MATTEO
INVERNIZZI

SINUS
AUGMENTATION

THE CLINICAL CHALLENGE

Many patients with atrophic posterior maxilla requesting fixed prostheses. When the residual bone height is below 4 mm sinus lift procedures remain the most viable therapeutic options.

Sinus lifting techniques have evolved over the last 25 years to a point where sinus grafting surgery with is considered to be one of the most successful augmentation procedures performed today with high survival rate of implants placed in these grafts and their prostheses. By combining these xenografts, partially or completely with autogenous bone, clinicians can achieve predictable outcomes.

COURSE OBJECTIVES

Participants will be able to learn

- Surgical anatomy finalized to the prevention of complications and optimization of results
- Rationale for a correct pre-operative planning
- Step-by-step surgical technique
- Selection of grafting materials
- How to select and interpret more critically the scientific literature

CLINICAL CONTENTS

- Maxillary sinus anatomy
- Sinus elevation techniques, from flap and antrostomy design to post-op management
- Complication management and the importance of collaboration with ENTs
- Alternatives to sinus elevation therapy, from pre-surgical planning to prosthetic restoration

CHOICE OF MATERIALS

Dual-phase collagenic biomaterials have the advantage to be gradually resorbable giving more space for newly formed bone.

THE HANDS-ON EXPERIENCE

The hands-on experience will take you through the educational path and new state-of-the-art techniques for sinus augmentation.

Anatomic models designed on real cases will be utilized to give participants a comprehensive approach on lateral access window with both traditional rotary techniques and piezoelectric surgical techniques.

THE PROGRAM

Friday 16th October 2026

09:00 - 09:15	Welcome and Speakers introduction
09:15 - 10:30	Theoretical session on Sinus augmentation part 1 - Prof. Marco Esposito Scientific evidence overview in Maxillary sinus elevation
10:30 - 11:00	Coffee break
11:00 - 12:00	Theoretical session on Sinus augmentation part 2 - Prof. Marco Esposito Scientific evidence overview of graft materials and membranes utilized in Maxillary sinus elevation
12:00 - 13:00	Theoretical session on Sinus augmentation part 1 - Prof. Tiziano Testori Presurgical diagnosis, indications and contraindications in Maxillary sinus elevation
13:00 - 14:00	Lunch break
14:00 - 15:30	Theoretical session on Sinus augmentation part 2 - Prof. Tiziano Testori Surgical procedures step-by-step for the Lateral approach with video sessions
15:30 - 16:00	Coffee break
16:00 - 18:00	Theoretical session on Sinus augmentation part 3 - Prof. Tiziano Testori Surgical procedures step-by-step for the Lateral approach with video sessions, and treatment of complications

Saturday 17th October 2026

09:00 - 10:30	Hands-on session on Sinus augmentation part 1 - Dr. Invernizzi & Prof. Testori The lateral approach conventional technique with Rotary instruments
10:30 - 11:00	Lunch break
11:00 - 12:30	Hands-on session on Sinus augmentation part 2 - Dr. Invernizzi & Prof. Testori The lateral approach with piezoelectric technique
12:30 - 13:00	Discussion

THE SPEAKERS

**PROF. TIZIANO TESTORI****LEADING EXPERT
ON SINUS AUGMENTATION**

- Head of the Section of Implant Dentistry and Oral Rehabilitation, Galeazzi Institute, Milan, Italy
- Adjunct Clinical Associate Professor, Department of Periodontics and Oral Medicine, University of Michigan, Ann Arbor (Michigan), USA
- Founder and Scientific Director, Lake Como Institute (LCI) Implant Advanced Training Center, Como, Italy
- Member of the Editorial Board of IJOMI, IJPRD, Quintessence Publishing, Hanover Park (Illinois), USA
- Author of 4 books in Implantology and more than 100 scientific publications

**PROF. MARCO ESPOSITO****LEADING EXPERT
ON BONE REGENERATION**

- Director of the Post Graduate School in Oral Surgery, Vita-Salute San Raffaele University, Milan, Italy
- Director of the Cochrane Italy Affiliate Group, Vita-Salute San Raffaele University, Milan, Italy
- Senior Editor of the Cochrane Collaboration
- Author of more than 300 scientific publications
- PhD in Biomaterials from the Göteborg University, Sweden

**DR. MATTEO INVERNIZZI****LEADING EXPERT
ON SINUS AUGMENTATION**

- Active member of European Association of Osseointegration (EAO)
- Active member Active member of Italian Academy of Osseointegration (IAO)
- Author of numerous papers in Implantology and Periodontology
- Private practice in Milan, Italy

GENERAL INFORMATION

Date

Friday 16th October 2026, 09:00 - 18:30

Saturday 17th October 2026, 09:00 - 13:00

Venue

Lake Como Institute
Via Rubini 22
Como | ITALY

SECRETARIAT

Tecnoss Dental s.r.l. | Phone +39 011 2257391

Email to request the Enrolment Form:

SWIFT: UNCRITM1DI3

REGISTRATION AND CANCELLATION

Registration

Registration fee includes all lectures and Friday social dinner

Registrations fee € 1.000 (plus VAT when applicable)

Tourist info

Cancellations

50% reimbursement before 18th September 2026

No reimbursement after 18th September 2026

Should the minimum number of participants not be reached, the course might be cancelled within 11th September 2026

Registration fee paid prior to this date will be reimbursed, if requested no later than 18th September 2026

No flight tickets or hotel bookings will be reimbursed
