

In collaboration with

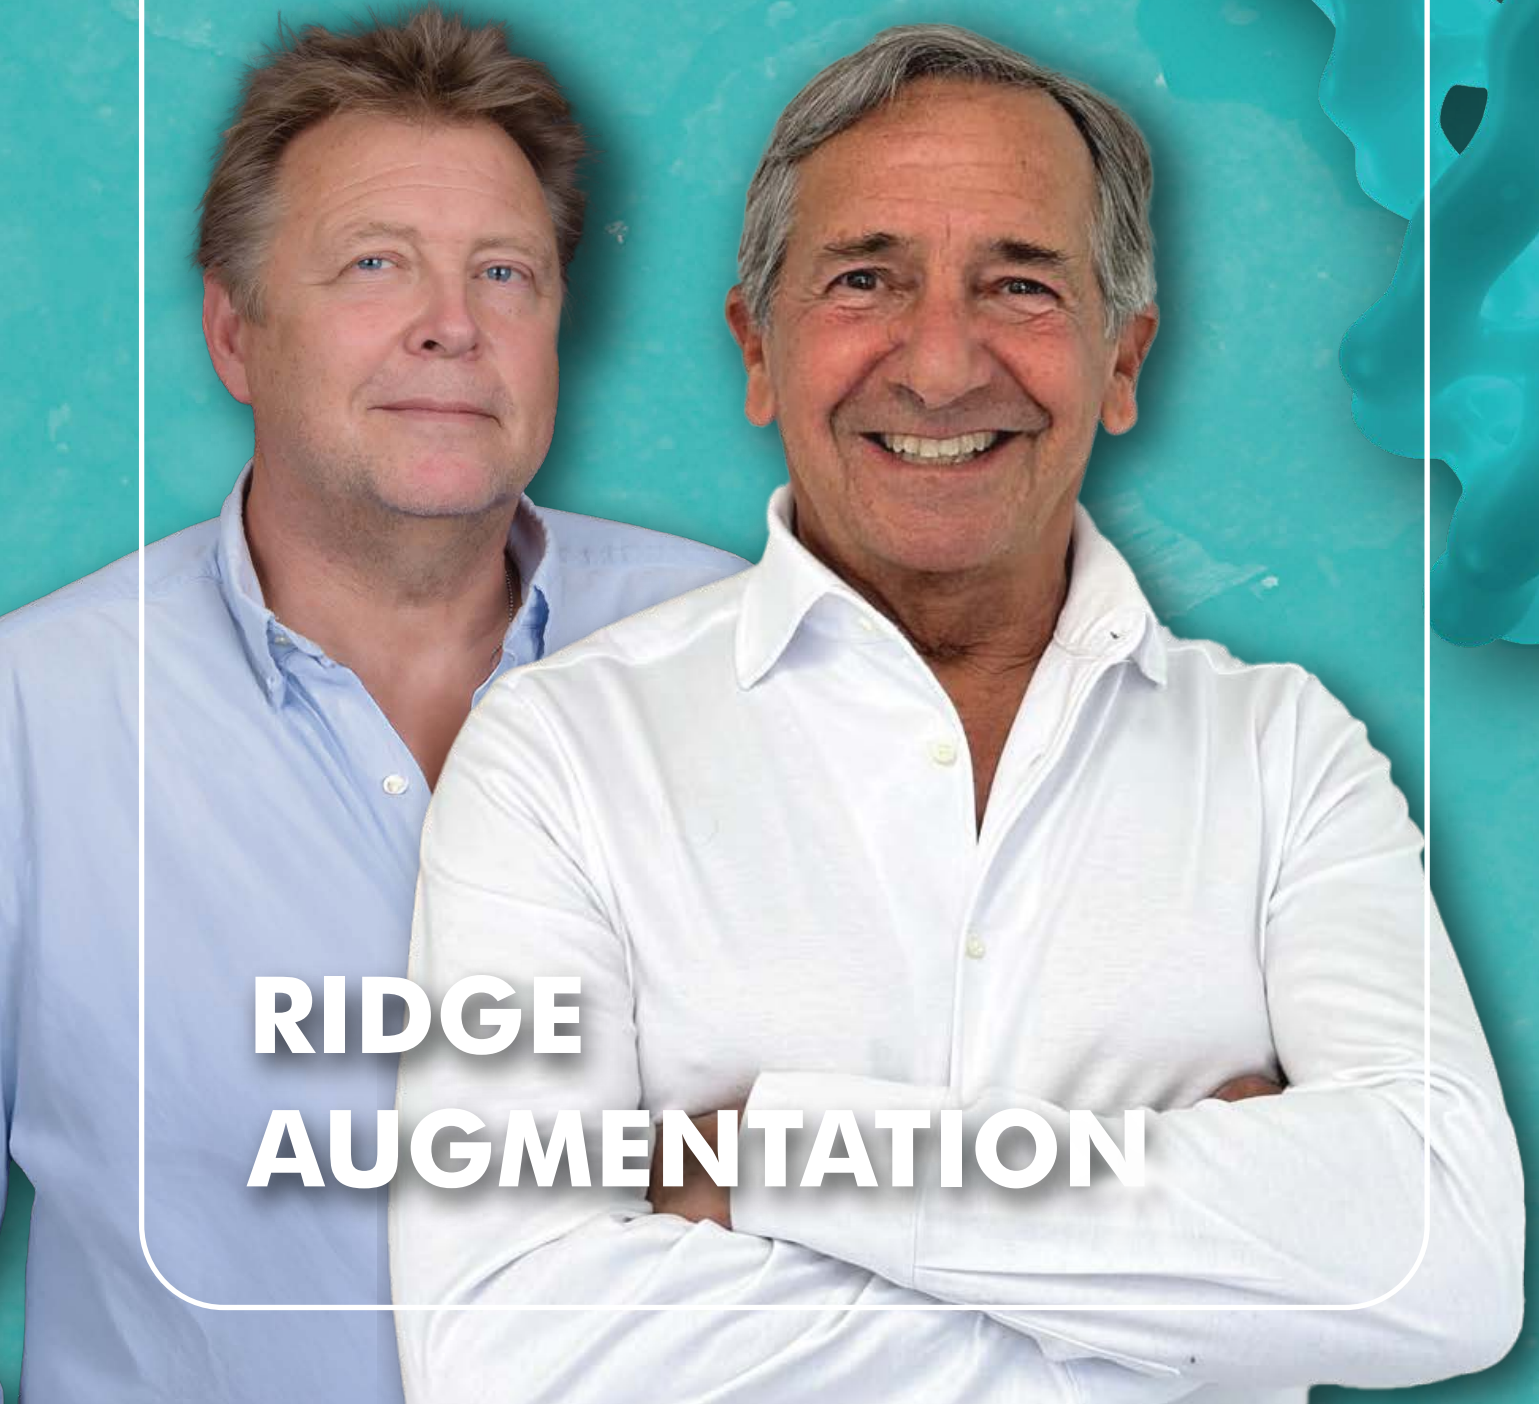

OsteoBiol®
by Tecnos

MARSEILLE, France
2nd-3rd July 2026

**COURSE ON
MANAGEMENT OF
HARD AND SOFT TISSUES
IN THE DAILY PRACTICE**

PROF. ULF
NANNMARK

DR. PATRICK
PALACCI

**RIDGE
AUGMENTATION**

THE CLINICAL CHALLENGE

Oral surgeons can be challenged by treating complex clinical cases in the ridge augmentation field.

To achieve optimal functional and esthetic results, the oral surgeon must know the most updated clinical protocols on hard and soft tissue management, and how to use the appropriate Dual-Phase biomaterials for bone regeneration.

COURSE OBJECTIVES

Participants will be able to:

- learn the hard and soft tissue management techniques and the way to achieve optimal functional and esthetic results
- simplify the management of complex cases
- increase success rate of daily practice

CLINICAL CONTENTS

- How to predictably augment a ridge
- how to manipulate the soft tissues (e.g. Papillae regeneration technique)
- analysis of clinical cases selected according to their complexity and educational purposes

CHOICE OF MATERIALS

Dual-Phase collagenic biomaterials have the advantage to be gradually resorbable giving more space for newly formed bone.

LIVE SURGERIES

Dr. Palacci will perform live surgeries with the comments of Prof. Nannmark with tips and tricks on the scientific background for a better understanding of the surgical philosophy.

THE SPEAKERS

DR. PATRICK PALACCI

**PIONEER OF IMPLANT DENTISTRY
IN FRANCE AND EXPERT IN COMPLEX
CASE TREATMENT**

- DDS degree at Marseille University, Marseille
- Post-graduate at Boston University, Massachusetts, USA
- Private practice and Head of Brånemark Osseointegration Center, Marseille, France
- Developer of several surgical techniques in relation with optimal implant positioning, papilla regeneration technique and aesthetic implant dentistry

PROF. ULF NANNMARK

**LEADING EXPERT ON
BONE REGENERATION**

- DDS degree and PhD thesis under the mentorship of Per-Ingvar Brånemark, Göteborg, Sweden
- Former Associate Professor, Brånemark Osseointegration Center, Göteborg, Sweden
- Former Senior lecturer, Göteborg University, Sweden
- Authors of international scientific papers

THE PROGRAM

Thursday 2nd July 2026 09:00 - 17:30

Friday 3rd July 2026 09:00 - 13:00

Live surgeries will be performed by Dr. Palacci with the comments of Prof. Nannmark.

In addition, Prof. Nannmark will explain the biological and clinical principles by doing short lectures and discussions in between live surgeries.

GENERAL INFORMATION

Date

Thursday 2nd July 2026 09:00 - 17:30
Friday 3rd July 2026 09:00 - 14:00

Venue

Brånemark Osseointegration Center
8-10 Rue Fargès
Marseille | FRANCE

SECRETARIAT

Brånemark Osseointegration Center Marseille
8-10 rue Fargès | 13008 Marseille | France

REGISTRATION AND CANCELLATION

Registration

Places are assigned on a first-come-first-served basis and limited to 20 participants.
Registration includes: lectures, live surgeries, coffee breaks, lunches and Thursday dinner.

Registrations fee € 1.500 (plus VAT when applicable)

Cancellations

Cancellations before 8th June 2026 will be charged a € **500** administration fee.
Cancellations between and 8th June and 15th June 2026 will be charged a € **800** administration fee.
Cancellations after 15th June 2026 will not be reimbursed.

Should the minimum number of participants not be reached, the course might be cancelled within 5th June 2026

No flight tickets or hotel bookings will be reimbursed
